Heavy Power:

There is currently a substation providing 15.3 megawatts with the potential for over 17 megawatts short term, but expandable through AEP allowing the landlord to provide wholesale power rates to all tenants. The interior infrastructure is made up of several internal substations all 4160 V with 480V distribution. Redundant power available to tenants. Distribution lines are in the process of being upgraded from 31,000 kV to 69,000 kV.

Fiber Optics:

Everstream's Business-Only Fiber Network is connected to 63 data center partner locations. Everstream delivers access to secure, state-of-the-art environments without the capital investment, plus diverse route entry for maximum uptime and redundancy.
